

Primary and middle school solutions

We know even the youngest athletes play with the same passion and commitment as their professional heroes do. To add a pro league feel to your school, our scoring solutions come in a variety of sizes to meet any elementary or middle school budget.

Let us bring our extensive scoreboard and video display experience, superior products and impressive design knowledge to you.

- Scoreboards
- Video displays
- Scoring tables
- Shot clocks
- Play clocks
- Goal lights
- Controllers
- Timing accessories
- Event production software

About OES Scoreboards

From gymnasiums to outdoor fields and athletic facilities, OES has a history of bringing “wow” factor scoring and timing solutions to schools across North America. Here are a few of the reasons why you’ll want to partner with us:

Choice of the pros

OES digits are built with higher intensity LEDs and incorporate more LEDs per digit than other companies. The result is brilliant and superior viewing experience from almost any angle and distance. As a bonus, we’re renowned for white LEDs and offer them as a standard, no added cost option.

Industry leader in LEDs

The captivating viewing experience of an OES LED video display draws everyone watching into the action moment by moment. With excellent visibility from any angle, fan engagement is enhanced when your team’s success is broadcasted onto our vibrant video screens.

Captivating LED video displays

With a history of exciting video projects, we know what it takes to create an optimal video viewing experience; both indoors and out. From multiple pitch options and choice of LED type to true pixel configuration, our in-house technical expertise helps ensure the investment in video is being made in a high-quality, vibrant display.

Commitment to quality

With shatter-proof panels, brighter LEDs, weather-proof coating, and superior components, we build our scoring and video display products to perform even in the harshest of conditions. Our attention to quality and durability protects a school’s investment and increases the lifespan of the scoring solution.

If you can imagine it; OES can design it

We can customize their scoring, video and timing products to any size, shape, color and mounting option. With design, manufacturing and assembly all completed in-house, their ability to meet unique requirements, without sacrificing quality, is unmatched.

Unbeatable service reputation

We’re renowned for exceptional service and our interest in the performance of your scoring solutions doesn’t end at installation. From including spare parts to providing local service or 24/7 phone support, we pride ourselves on our commitment to having customers always lit up and game ready.
