Indoor LED Video Display

Render sponsor messages and game statistics with stunning clarity at your next indoor event. OES's scoring tables give you the perfect venue for increasing fan engagement - while increasing revenue.

Manage your media and customize what gets displayed with OES' Bolt software. Bolt gives you command of your video display content with flexible positioning and easy-to-program animations for maximum impact.

Easily broadcast and entertain spectators with a steady stream of live video feeds, sponsor ads, team messages, still and motion graphics with Bolt, OES' live event production suite. For an enhance viewing experience, connect Bolt to your OES controller and display a wide range of real time scoring and stats information during your event.
