

Our Story

In 1994 OES, harnessed its unparalleled electronics design and manufacturing expertise to ignite a revolution in sports technology by creating our first LED digit scoreboard. Decades of research and development has transformed OES into a powerhouse, expanding our product line to become a trusted provider of LED Displays, scoring and timing solutions.

At OES, we embrace open collaboration to understand your unique goals. We provide custom solutions crafted to exceed your expectations. From professional sports venues, collegiate facilities, K-12 schools, and municipal recreation centers, we believe in creating tailored solutions for each individual customer and level of play.

Our experience in mission-critical applications combined with a passion for sports has kept our talented in-house engineering team at the forefront of technology. OES has introduced numerous market innovations that have changed the landscape of the sports and entertainment industry. This commitment drives the development of our products ensuring they meet the evolving needs of every customer.

The fundamental principles of meaningful customer relationships and customer service form the vital cornerstone of OES's business philosophy — OES will not settle for anything short of a fully satisfied customer. Our reputation for innovation is second only to our reputation for customer satisfaction.

Let us partner with you to deliver the ultimate game day experience.
