- 2x 2'8"W x 2'8"H Shot Clocks
- ISC9000
- Bolt Live
- Graphics Package

*We have had OES scoreboards and video boards in our Curb Arena since 2017. OES has outstanding equipment and competitive prices. Their customer service is outstanding. Over the years, our only scoreboard issues have been damaged control units from wear and tear. When there are video board software issues, the OES tech support staff have been fantastic. We are looking at purchasing new scoreboards for some of our other athletic venues in the near future and OES is definitely in the mix. Dave and Clyde have become my friends from the north.... and promptly respond to my calls or emails when they are needed.*
