

Football Solutions

Any Venue. Any Sport. Any Time.

From the Major league to little league and every league in between, you'll find our solutions quite literally lighting up the game. We bring the pro venue expertise to every customer we partner with. Here are a few of the reasons why you'll want to partner with us:

Choice of the Pros

OES is one of a select few scoreboard companies approved for scoring and timing by the NBA, NHL, CFL, NFL, MLS, and MLB.

For years we've been part of their facilities, special events and on-going efforts to enhance the game for players and fans alike. We bring our pro venue expertise to every customer we work with.

Commitment to quality

With shatter-proof panels, brighter LEDs, weather-proof coatings, and superior components, we build our scoring and video display products to perform even in the harshest of conditions. Our attention to quality and durability protects a school's investment and increases the lifespan of the scoring solution.

Industry leading LEDs

OES digits are built with higher intensity LEDs and incorporate more LEDs per digit than any other company. The result is brilliant and superior viewing experience from almost any angle and distance. As a bonus, our ColorCast and ColorCast Pro technology brings an unrivaled selection of LED color options to customize your scoreboard.

If you can imagine it; OES can design it

We can customize our scoring, video and timing products to any size, shape, color and mounting option. With design, manufacturing and assembly all completed in-house, our ability to meet unique requirements, without sacrificing quality, is unmatched.

Let OES bring our impressive indoor and outdoor scoreboard and video display experience to you.

Captivating LED video displays

For over 40 years, OES Scoreboards has been creating eye-catching LED video displays and scoreboards that are guaranteed to elevate your entertainment experience. Made using the highest quality LEDs for crystal clear viewing, these custom displays and scoreboards are created in our state of the art world class manufacturing facilities by world class engineering and production teams.

Unbeatable service reputation

Our dedication extends beyond installation; we also offer a suite of services that range from providing spare parts to delivering local on-site support or remote phone assistance. We take immense pride in ensuring that our customers are always primed for success and ready to take the game to the next level.

Gateway Gators

- 25' W x 19' H LED Videoboard

ColorCast & ColorCast Pro

ColorCast™
Your Team. Your Colors

ColorCast digits are designed to illuminate your scoreboard with vibrant color. Whether you choose a single digit color or combine multiple colors on your scoreboard, ColorCast offers more digit color flexibility than anywhere else.

Plus, when integrated with ColorCast Pro, ColorCast digits light up your scoreboard with an infinite number of color choices that can be changed at any time.

Standard Color Choices

 ColorCast™	 ColorCast™ PRO
15 Standard digit color options	Infinite digit color choices
Mix & match colors on the same scoreboard	Change digit color on demand through ColorCast Pro App
Included on all scoreboards and play clocks	Match digit to team color, holidays or special events
Digit color combinations selected at time of order	Save all customize color creations for repeated use
	Set game clock to change color at specific times and during time outs
	Set game clock color to highlight team in lead
	Have home or visitor score flash when the score changes
	Build a sequence of up to five digit colors to flash at the end of the period or quarter

Accent Options

Create a custom solution that fits your facility while elevating the in game excitement with diverse accent options for a dynamic scoreboard. Designed to delight fans and enhance venue atmosphere, these accents provide a professional touch. Our electronic captions smoothly transition between sports for multi-sport facilities, adding versatility to adapt to various events. Valuable for any venue seeking a professional and adaptable scoreboard.

- Choice of enclosure colors
- Choice of LED digit colors with ColorCast
- Advertising panels
- LED Video Screen

The image shows a Texas Dragons scoreboard with a red and white color scheme. The top features the team name 'TEXAS DRAGONS' in large, stylized letters with a dragon head logo. Below this is a central video screen showing a football player in a white jersey with red accents. The scoreboard is flanked by advertising panels for Dick's Sporting Goods, Coca-Cola, McDonald's, G, Cisco, and Adidas. The bottom section displays the score: Dragons 21, Visitors 14, with a time of 10:09. Below the score are various game statistics like downs, to go, ball on, and quarter.

Bring your scoreboard to life with Bolt.

Identify and recognize sponsors with ad panels and logo plates.

With electronic captions you can switch sports easily

Personalize with an outdoor truss, arch or identity panel.

With electronic team names you can switch whose playing at the touch of button.

Create a modern, crystal clear display with ColorCast's 15 standard digit colors.

LED Play Clocks

Built on proven technology trusted by the NFL and NCAA, our play clocks and segment timers provide a reliable and sophisticated solution. Meticulously engineered to integrate seamlessly with any OES scoring system, they ensure the performance you would want at the pro level. These timekeeping devices, with a prominent white perimeter border for maximum visibility, cater to various scoreboard configurations. With the option for operating independently, they enhance the overall game experience for players, referees, and fans.

Video Displays. Scoreboards. Scoring & Timing.

About OES Scoreboards

Founded in 1980 to provide technology support services, OES Inc. soon began developing its own technology solutions. It successfully brought many products to market for mission-critical applications in the environmental, healthcare, vehicular, agricultural, and defense industries.

In 1994, OES Inc. harnessed its innovation expertise and pioneering technology methods to craft its inaugural LED scoreboard, giving birth to OES Scoreboards. Since that milestone, we have consistently upheld our reputation as a frontrunner in innovation within the scoring and timing domain.

Today, our scoreboards, video displays, and scoring and timing technology solutions are prominently featured in venues throughout North America. Keep an eye out for OES scoring and timing solutions at your stadium, arena, field, or venue, as we continue to make strides in enhancing the sporting and event experience.

Contact OES Scoreboards to hear how we can bring our Pro facility experience to your school.
